#### Manufacturing

An estimated 4,378 SMALL BUSINESSES are impacted  
An estimated 42,932 EMPLOYEES are impacted

The EPA and the Army Corps of Engineers unveiled their final **Revised Definition of WOTUS**, which would significantly **expand regulations around permits** for land and building projects. It would create significant uncertainty around what criteria will be used to determine whether a permit is ultimately awarded. The Rule would even require private individuals to prove water on their land is **not** under the federal government's jurisdiction. The rule is **effective starting March 20, 2023**.
