An estimated 7,693 SMALL BUSINESSES are impacted
An estimated 75,589 EMPLOYEES are impacted

The EPA and the Army Corps of Engineers unveiled their final **Revised Definition of WOTUS**, which would significantly **expand regulations around permits** for land and building projects. It would create significant uncertainty around what criteria will be used to determine whether a permit is ultimately awarded. The Rule would even require private individuals to prove water on their land is *not* under the federal government's jurisdiction. The rule is **effective starting March 20, 2023**.
